

Soil Mechanics Laboratory Technicians – Metairie, Louisiana

We have immediate openings for Laboratory Technicians in our soils' lab. Both experienced and unexperienced personnel will be considered for these positions.

The Laboratory Technician at Eustis Engineering performs a variety of standardized tests in accordance with established, clearly defined procedures following explicit oral and/or written instructions at the commencement of the testing process. The technician utilizes a variety of basic laboratory instruments, devices, and equipment in accomplishing these tests.

Physical Demands: While performing the duties of this position, the employee is regularly required to use hands to finger, handle, feel, talk, and hear. The employee is frequently required to stand; walk; sit; reach with hands and arms; climb or balance and stoop, kneel, crouch, or crawl. The employee is occasionally required to smell. The employee must frequently lift and/or move up to 50 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception and ability to adjust focus.

Work Environment: While performing the duties of this position, the employee is frequently exposed to moving mechanical parts. The employee is occasionally exposed to wet and/or humid conditions; high, precarious places; fumes or airborne particles; risk of electrical shock; risk of radiation; and vibration. The noise level in the work environment is usually moderate.

Please forward your resume or complete this [PDF](#) and email it to info@eustiseng.com. Or if you prefer, please send your resume/application to our Human Resources Manager, Kathy LeRouge, at 3011 28th Street, Metairie, LA 70002. Thank you!
